

Margin Booster Credit - Terms & Conditions

This Agreement ("Agreement") governs the terms and conditions under which The Trade Flow ("The Company," "we," "our," or "us") provides the Margin Booster Credit ("Credit") to the Client ("you," or "your") for trading purposes. By accessing and using the Margin Booster Credit, you agree to the following terms and conditions:

1. Margin Booster Credit Overview

The Margin Booster Credit is a financial product offered by The Trade Flow to enable you to access additional funds to enhance your trading capacity. This credit is provided against collateral in your trading account and can be used to increase your margin and leverage in investments or trading positions, subject to the terms outlined below.

2. Eligibility

To qualify for the Margin Booster Credit, you must meet the following criteria:

Be an active client of The Trade Flow with a verified and funded trading account.

Maintain a minimum account balance as specified by The Trade Flow.

Agree to the risk profile and credit assessment determined by The Trade Flow, which may include factors such as your financial status, trading experience, and risk tolerance.

Consent to undergo periodic credit reviews and provide any additional documentation requested by The Trade Flow.

3. Credit Amount and Leverage

The Margin Booster Credit will be granted up to a maximum of **X%** of your account balance, subject to approval.

The amount of credit granted may vary based on the risk assessment, the type of assets you intend to trade, and your account's trading history.

The credit is provided with an increase in your margin, meaning you will be able to take larger positions than with your own funds alone. The specific leverage ratio will be determined on a case-by-case basis.

The credit amount, as well as the margin and leverage limits, will be clearly communicated to you prior to using the Margin Booster Credit.

4. Interest and Fees

The Margin Booster Credit may incur interest, which will be charged on the outstanding balance of the credit. The interest rate will be specified at the time the credit is granted and is subject to change upon prior notice.

A **monthly maintenance fee** may apply to your Margin Booster Credit account, based on the balance of the outstanding credit.

The Company reserves the right to adjust the interest rate or fees, and such changes will be communicated to you with a minimum notice period of 30 days.

5. Repayment Terms

The Margin Booster Credit is to be repaid by you either:

Upon liquidation of any position that was leveraged with the credit, or

As a lump-sum payment at the end of the specified term, if applicable.

Repayment must occur no later than **7 days** after the initial credit disbursement unless otherwise agreed.

If the credit balance exceeds your available margin or is not repaid within the agreed time frame, The Trade Flow reserves the right to liquidate positions or take necessary actions to recover the funds.

6. Risk Disclosure and Acknowledgment

By accepting the Margin Booster Credit, you acknowledge and understand that the use of leverage increases both potential gains and potential losses. The risk associated with leveraged trading may result in the loss of your initial capital and any borrowed funds.

The Trade Flow does not guarantee profits, and you agree to assume full responsibility for any financial losses incurred through the use of the Margin Booster Credit.

You must closely monitor your positions and ensure that your account meets margin requirements. If your account balance falls below the required margin level, you may receive a **margin call** from The Trade Flow to deposit additional funds or liquidate positions.

7. Collateral and Margin Requirements

You are required to maintain sufficient collateral in your account to support the Margin Booster Credit. If the value of your collateral falls below the required threshold, The Trade Flow may request additional funds or liquidate positions to bring the account back into compliance with margin requirements.

The Company reserves the right to adjust margin requirements at any time based on market conditions and risk assessments.

8. Liquidation and Default

In the event that you fail to meet margin calls or repay the credit as agreed, The Trade Flow may liquidate positions in your account to recover the borrowed funds. The Company will attempt to notify you before any liquidation; however, it retains the right to proceed with liquidation without prior notice if necessary.

If you default on repayment, The Trade Flow may take legal action to recover the outstanding debt, including applying penalties, fees, and interest as permitted by law.

9. Termination of Margin Booster Credit

The Margin Booster Credit may be terminated under the following conditions:

Upon your request, subject to any outstanding balances being cleared.

If The Trade Flow deems that your financial status, account activity, or market conditions warrant termination of the credit facility, with prior notice given.

In the event of default, non-repayment, or violation of these terms, The Trade Flow may immediately suspend or terminate your access to the Margin Booster Credit.

10. Modifications to Terms

The Trade Flow reserves the right to modify or amend these Terms and Conditions at any time. Any material changes will be communicated to you in writing, and you will be required to agree to the revised terms before continuing to use the Margin Booster Credit.

11. Limitation of Liability

The Trade Flow is not liable for any indirect, consequential, or special losses arising from your use of the Margin Booster Credit, including losses due to market volatility, liquidation of positions, or failure to meet margin calls. You agree to indemnify The Trade Flow against any claims, damages, or losses resulting from your use of the Margin Booster Credit.

12. Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the jurisdiction in which The Trade Flow is based. Any disputes arising out of this Agreement shall be resolved through arbitration or other legal procedures as outlined in the Client Agreement.

13. Acknowledgment and Acceptance

By accepting the Margin Booster Credit, you acknowledge that you have read, understood, and agreed to the terms and conditions outlined in this Agreement. You also confirm that you understand the risks associated with leveraged trading and accept full responsibility for any outcomes related to your use of the Margin Booster Credit.
